

VIEWING

There will be **no public viewing** for this sale.

There will be a visual video tour of the saleroom online, and you are encouraged to ask for verbal and written condition reports with extra photos of items, and where feasible we will also carry out 360 degree videos of individual lots.

BIDDING

Future auctions will be on-line only with no audience in the room, until the lockdown is eased. You can bid by any of the following methods:

A Leave bids on-line on our website.

Whatever price you leave, we will try and execute it as economically as possible, so leaving a maximum bid does not mean that you have to pay that much.

B You can bid by telephone on the day.

Please make arrangement beforehand for this service, so that we can ring you back at the appropriate time. Phone bids are only accepted on lots estimated at over £100.

C You can bid live via thesaleroom.com and ukauctioneers.com

You can watch the auction as it happens from your screen with a visual and audio link to the auction rostrum, and bid with the click of your mouse. With both of these platforms you need to register first, but it is very simple. With the saleroom you pay an extra 5% plus VAT, and with the ukauctioneers you pay 3% plus VAT, or £3.95 and then unlimited bidding.

D Autobid.

Both of the above platforms let you leave your maximum bids on items, very much like leaving bids on our own website, but obviously more expensive as they charge a similar commission (as above) for this service.

PAYMENT

We request all items are paid for swiftly after the auction. Payment can be made by BACS, and by card over the telephone, or on collection (see below).

COLLECTION

We are offering a contact-less collection service with social exclusion. We encourage you to use our in-house packing and postal service where possible, which is carried out "at cost". We usually manage to send out parcels within a week of purchase.

We use several carriers, who can provide quotations for delivery throughout the UK. All other collections should be made by appointment only, and we will ring-fence your purchases in a certain part of the saleroom (or outside if weather permits) for you to uplift without any contact with staff. We are also offering free storage of items for up to a month.
